Be an affiliate. Be the face of Cabinetdealz.

Cabinetdealz purchasing power and technology for your local influence.

BIGGEST SELLING POINT

White label

Each affiliate gets its own website under its own brand, powered by Cabinetdealz design, quoting, ordering and pricing.

KITCHENS + CLOSETS

Closets too

Closets work the same way as kitchens: design, quote, order, all in one, on the same white-label model.

PURCHASING GROUP

Better prices

The more stores in the group, the better the prices for everyone.

AFFILIATE DUES

$1,195 / yr

One annual fee per affiliate store.

Sign up at the show — leave with your own white-label Cabinetdealz website live.

A live demo closes on the floor, and no competitor combines it all

Visitors watch a kitchen designed in 3D with the price and labor updating beside the rendering.

~80%

Close rate on the showroom floor, as reported by the owner

Owner-reported; not independently measured.

01. Live 3D design + real-time quote

Price and labor update beside the rendering.

02. Contractor labor estimates

Built into the quote, no separate costing.

03. Countertop fabrication sheet

Built from the design, emailed to the fabricator.

04. Six categories + Pelican lines

Cabinets, quartz, tile, flooring, hardware, closets.

05. Affiliate revenue tracking

Partner revenue tracked per affiliate store.

06. Purchasing-group pricing

More stores in the group, better prices for all.

Based on public product pages, none of Cyncly Design Flex/2020, ProKitchen, Mozaik, Cabinet Vision, KCD, Houzz Pro or Coohom combines all of 01–05 (closets not compared).

Concept rendering, not an actual booth

Goal: ~25 new affiliate stores from the show (owner's funnel).
